Re: Water Ski Slalom Course

Dear Al & Ski Club Members,

Several residents on North River Bay Road are not in favor of the slalom course which sits in front of their property. Some were not in favor from the beginning and did not sign the petition and some have changed their mind after experiencing the course during the summer. Complaints range from noise from early skiers and the drone of inboards, boats too fast for the close distance to docks, disruption of fishing from docks especially during prime fishing times, few boats using the course but those who do, use the course multiple times in a row causing continual wave action, negatively impacting the sale of homes, and leaving buoys in over the entire year.

Addresses known to disapprove of the slalom course:

5916 N River Bay Rd  
5922 N River Bay Rd  
5928 N River Bay Rd  
5936 N River Bay Rd  
5946 N River Bay Rd  
5950 N River Bay Rd

Sincerely,

Lowell Nickerson & Patti Bacun
